Dominic, thank you for choosing to study at Melton College, York. We hope you have enjoyed your time here and have made use of the opportunities that learning English in an immersive environment affords you. You have a very solid language foundation and are one of the most active members of the class. That being said, I feel you could give so much more if you applied yourself and focused on speaking as much English as possible in class and around the college in general. To improve your English further, set yourself mini goals and objectives of what topics you want to talk about. I wish you all the best in the future. - David 19/04/2019
